§ 170.10 Purpose and objectives.

The regulations in this subpart govern the calling and conducting of public hearings on Bureau of Indian Affairs road projects beginning with road projects scheduled to begin construction in Fiscal Year 1975, and thereafter. In order to promote coordination and comprehensive planning of construction activities on Indian reservations, the objectives for conducting public hearings on proposed road projects are to:

(a) Inform interested persons of the road proposals which affect them and allow such persons to express their views at those stages of a project's development when the flexibility to respond to these views still exists.

(b) Insure that road locations and designs are consistent with the reservations' objectives and with applicable Federal regulations.

§ 170.11 Criteria.

A public hearing shall be held for each project that:

(a) Is a new route being constructed,

(b) Would significantly change the layout or function of connecting or related roads or streets,

(c) Would have an adverse effect upon adjacent real property, or

(d) Is expected to be of a controversial nature.

§ 170.12 Need for public hearing determined.

The Superintendent will call a meeting of representatives from the tribe, the Bureau of Indian Affairs, and other appropriate agencies to determine for each road project if a public hearing is needed. The determination will be based on the criteria given in § 170.11. More than one public hearing may be held for a project if necessary.

§ 170.13 Notice of road construction projects.

When no public hearing is scheduled for a road construction project, notice of the road construction project must be given at least 90 days before the date construction is scheduled to

begin. Such notice should give the project name and location, the type of improvement planned, the date construction is scheduled to start, and the name and address of the office where more information can be obtained. The notice should be posted or published as determined by the Superintendent.

§ 170.14 Notice of public hearing.

Notice will be given to inform the local public of the scheduled hearing. The notice should give the date, time, and place of the scheduled hearing; the project location; the proposed work to be done; the place where the preliminary plans may be reviewed; and the place where more information on the project can be obtained. The notice should be posted or published as determined by the Superintendent. Notice should be given at least 15 days before the scheduled date of the public hearing and again, at least 5 days before the hearing date.

§ 170.15 Record of hearing proceedings.

A record of the hearing shall be made. The record shall include written statements submitted at the hearing or within 5 days following the hearing.

§ 170.16 Conducting the public hearing.

(a) The Superintendent will appoint a tribal or Bureau of Indian Affairs official to preside at the public hearing and to maintain a medium for free and open discussion designed to reach early and amicable resolution of issues.

(b) The Superintendent shall be responsible for maintaining a record of the hearing and shall make arrangements for appropriate officials to be present at the hearing to be responsive to questions which may arise.

(c) The purpose of the hearing and an agenda of items to be discussed should be presented at the beginning of the hearing. It should be made clear at the hearing that the tribal chairman or his designated roads committee are the officials responsible for setting reservation road priorities and considering the merits of one road project over another. Sufficient maps and project plans will be available at the hearing for public review. The hearing audience

should be informed of the Bureau's road construction and right-of-way acquisition procedures on reservations. If the project will require relocating residences or businesses, information on relocation services and authorized payments will be given.

§ 170.17 Written statements.

Written statements may be submitted as well as oral statements made at the public hearing. Written statements may also be submitted during the 5 days following the hearing.

§ 170.18 Hearing statement.

If significant issues develop at the public hearing which remain unresolved, the Superintendent will issue a hearing statement summarizing the results of the public hearing and his determination as to the further action to be taken in connection with the proposed project. The hearing statement shall be issued within 20 days of the date of the public hearing. The hearing statement will be posted at the place where the hearing was held, and shall be sent to interested persons upon request. The hearing statement will outline procedures whereby the determination may be appealed.

§ 170.19 Appeals.

Any determination concerning the proposed road project may be appealed in accordance with the procedures set forth in part 2 of this title.
